RE: Tractor Supply DRI
1174 Pitcher's Way, Hyannis, MA

Dear Steve,

I am writing this letter to express my support for the proposed sidewalk and crosswalk on Pitcher's Way which have been included as part of this project. However, because the proposed crosswalk is a mid-block crosswalk on a heavily traveled section of Pitcher's Way, I would recommend that push button activated rectangular rapid flashing beacons (RRFBs) be installed on both the northerly and southerly approaches to the crosswalk. The Town has recently installed a number of RRFBs and can provide specifications to the applicant as necessary.

Thank you for your consideration.

Sincerely,

Griffin Beaudoin, P.E.
Town Engineer
