Good morning Mr. Velozo and Mr. Ribeiro,

It is my understanding that Mr. Russell will be presenting a proposal for your review and consideration today. As the Chief Administrative Officer and the Chief Procurement Officer for the Town of Mashpee, the Clean Water Plan has become a priority but enhancing revenues to pay for installing phases of the sewer system are also critical.

It is also my understanding that my prior communication did not specify valuation of a fee forgiveness to the applicant for Island Pickle. It is further my understanding that based upon the phased approach and projected actual flow of the proposed facility, Mr. Russell is requesting approximately $160 thousand in forgiveness. I find such proposal, given the circumstances, to be reasonable. I would not endorse any request that exceeds such amount.
