Subject: I urge your support for the Tractor Supply Company proposal in Hyannis

Dear Commissioners,

I respectfully urge your support for the Tractor Supply Company proposal at Pitcher's Way and Bearse's Way in Hyannis. I support this proposal because this Tractor Supply Co. proposal will:

· Create competitively paying jobs & hire within the local Cape Farming Community
· Emphasize sustainable building and operating practices
· Generate significant annual tax revenue
· Provide local agricultural workshops in partnership with local organizations
· Construct a portion of the bike path envisioned by the Town of Barnstable
· Keep Cape shopping dollars local
· Provide a tastefully designed building that meets the site's current zoning

For the aforementioned reasons, I ask you to please consider my support and positive impact this proposal will have on the community at-large.

Sincerely,

Thomas Ladner

101 Frost lane,
Hyannis, Massachusetts, 02601
