Re: **Massachusetts Historic Commission (MHC) Project Notification Form (PNF)**
Truro Solar Photovoltaic (PV) Development, 2 Sand Pit Road and 9 Noons Drive, Truro, MA 02666

To Whom it may Concern:

Weston & Sampson Engineers, Inc. (Weston & Sampson), on behalf of NextGrid Pecan LLC (the Applicant), is hereby enclosing a MHC PNF and supporting documentation for the proposed solar photovoltaic (PV) development at 2 Sand Pit Road and 9 Noons Drive in Truro for your review.

The site is located on Map 39, Lot 107 and Map 39, Lot 108, both owned by Paula A. Noons and Jeffery W. Rose, as Trustees of The Donald W. Noons Trust. The property is bounded by wooded areas and commercial buildings to the east, wooded area with residences to the north and south, and wooded areas, residences, and a pond to the west. The two parcels together total 55.9 acres. The project proposes an approximate 7.55-megawatt (MW) direct current (DC) ground-mounted solar photovoltaic connected to a post driven racking system, with associated battery storage system (BESS), encompassing approximately 26.5 acres. Development will include grading, installation of stormwater best management practices, a gravel access road, equipment pads, and electric utility.

As part of the filing, we have attached the following:

- Appendix A - Project Notification Form (PNF)
- Appendix B - Locus Map
- Appendix C - Photo Log
- Appendix D - Site Plan Drawings
- Appendix E - MACRIS Search Results

Should you have any questions, please contact Melinda Costello at (978) 532-1900 or costello.melinda@wseinc.com.

Sincerely,
WESTON & SAMPSON ENGINEERS, INC.

PROJECT NOTIFICATION FORM

Project Name: Truro Solar Photovoltaic (PV) Development

Location / Address: 2 Sand Pit and 9 Noons Drive, Truro, MA 02666

City / Town: Truro

Project Proponent: NextGrid Pecan LLC

Name: Daniel Serber

Address: 68 Harrison Ave, Suite 605, PMB 73069

City/Town/Zip/Telephone: Boston, MA 02111 (855) 636-6100

Agency license or funding for the project (list all licenses, permits, approvals, grants or other entitlements being sought from state and federal agencies).

Agency Name	Type of License or funding (specify)
USEPA	Construction General Permit (CGP) eNOI
MA DOER	SMART Program

Project Description (narrative):
The Applicant proposes to develop the project, an approximately 7.55 megawatt (MW) direct current (DC) ground-mounted solar photovoltaic (PV) array with associated battery storage system (BESS), at the site located at 9 Noons Drive in Truro, Massachusetts. An Approval Not Required (ANR) Plan for a relocation of the lot line that splits 2 Sand Pit Road (Tax Map 39 Lot 107, 38.695 acres) and 9 Noons Drive (Tax Map 39 Lot 108, 17.2 acres) to allow for the proposed solar PV development to be located on its own parcel has been submitted to the town along with an application for a special permit and site plan review. The two parcels together total 55.9 acres. The project will consist of solar photovoltaic panels connected to a post driven racking system, a BESS and associated equipment pads. There is a proposed gravel access road to allow for site access and maintenance. The solar array will be surrounded by a 7 ft tall chain link and stockade fence as detailed in the attached site plans. The electricity generated by the PV modules will be exported to the electric grid in accordance with the utility's interconnection standards and regulations. A sound barrier wall will be installed along three of the four sides of the equipment pad area which includes the BESS.

Does the project include demolition? If so, specify nature of demolition and describe the building(s) which are proposed for demolition.
No demolition of buildings will occur as part of this project.

Does the project include rehabilitation of any existing buildings? If so, specify nature of rehabilitation and describe the building(s) which are proposed for rehabilitation.
No rehabilitation of existing buildings will occur as part of this project.

950 CMR: OFFICE OF THE SECRETARY OF THE COMMONWEALTH

APPENDIX A (continued)

Does the project include new construction? If so, describe (attach plans and elevations if necessary).
No new buildings will be constructed as a part of this project. A solar PV array will be construction on-site (see attached plans).

To the best of your knowledge, are any historic or archaeological properties known to exist within the project's area of potential impact? If so, specify.
To the best of our knowledge, no historic or archaeological properties exist within the project's area of potential impact.

What is the total acreage of the project area?

Woodland _____ acres	Productive Resources:
Wetland _____ acres	Agriculture _____ acres
Floodplain _____ acres	Forestry _____ acres
Open space +/- 20.2 (sand & brush) acres	Mining/Extraction _____ acres
Developed +/- 6.3 (gravel & Impervious) acres	Total Project Acreage +/- 26.5 acres

What is the acreage of the proposed new construction?
Approximately 26.5 acres of the total property will be developed and used for the proposed PV solar development, proposed stormwater management features, gravel access road, and associated utilities.

What is the present land use of the project area?
Sand quarry pit.

Please attach a copy of the section of the USGS quadrangle map which clearly marks the project location.
Attached – Appendix B.

This Project Notification Form has been submitted to the MHC in compliance with 950 CMR 71.00.
