## Comment

I am writing in support of the project at Captain Berties. I have reviewed the plans and support the project as proposed. I find it to be an excellent use of this space to build a more vibrant community in a part of Provincetown that has been a hodge podge of commercial development and scattered residency. This project will add to the other new project being built closer to the police station that hopefully will be further enhanced with improvements along Shankpainter road. The extra affordable housing will fill a big need in the town for those year-round workers who cannot afford to live close to town. I also know the developer well and know that they build projects that bring value to future owners and the areas around them. I fully support this project.
