RE: The Bellwether
26 Shank Painter Road & 15 Browne Street, Provincetown

Dear Alex:

I am writing on behalf of my client, Ecotekture Salient Partners, LLC, to renew the development of regional impact application and materials previously submitted for the proposed Bellwether Project located in Provincetown (the "Project"). As you know, the Project was procedurally withdrawn from Cape Cod Commission (CCC) review to enable the CCC's procedural time-clock to be restarted. The Town of Provincetown will be providing you with a new referral to effectuate this re-start of the application.

The Project materials have not changed. Accordingly, please continue to use and refer to the previously submitted application, documents, plans and supporting materials. I have, however, obtained a new certified abutters list from the Town of Provincetown, a copy of which is enclosed, together with three (3) sets of mailing labels for your use. In addition, as you know, a new filing fee for the Project, reflecting the CCC's fiscal year increase, was provided to the Barnstable County Treasurer under separate cover. Thank you very much for confirming receipt of that payment.

Please let me know if you have any questions or require any additional information. Otherwise, it is our hope that we can schedule a public hearing on this exciting Project at your earliest convenience.

Thank you very much for your assistance. With best regards, I remain,

Very truly yours,

Eliza Cox
